Homaco Circa 1890 Mounting Modules for 50M Floor Frames accommodate Circa 1890ECT1 protectors* and mount to both double-sided and single-sided 50M frames. Each module provides built-in cable management to easily route and clearly trace jumpers, simplifying cable installation and maintenance.

Features

- Mounts (4) 100-pair Circa 1890ECT1 protectors per module
- Use for 66 block applications
- High-density installations are managed within a small space
- Keyhole mounting for quick installation
- Single-sided frames (50M-1800 or 50M-2700): Three mounting modules can be installed for a total of 1200 pairs
- Double-sided frames (50M-3600 or 50M-5400): Three mounting modules can be installed on each side for a total of 2400 pairs
- Use 50M-900PD module with 4" channel uprights; use the larger capacity ring runs of the 50M-900PLD with 6" channel uprights
- Includes separate horizontal and vertical ring runs
- Brushed aluminum module construction with steel rings
- Mounting hardware included
