

### Half Space Cable Organizer

The half-space cable organizer provides management for the routers, switches, media converters, transceivers, hubs and repeaters that do not take up a full rack space.

The front-side cable manager will accommodate the smallest possible rack space, while providing the management needed to simplify the tracing, identifying and rerouting of cables.

#### Features:

- Clips can be mounted horizontal or vertical
- Mounts above or below the rack equipment
- Made of 16-gauge steel
- 12-24 mounting hardware included
- Mounts on 19" Equipment Rack, Swing-EZ Wall Rack, or Hinged Wall Adapters, or cabinet.
- Use Panel Adapters when mounting organizers to 23" racks
- Plastic clips shipped loose
