

100-Pair Wiring Blocks

Homaco 100-pair wiring blocks (without legs) can easily be added to any Homaco Frame or module. Cables can easily be routed from front to back with patented openings between rows.

Features:

- Provides rear cable openings
- One-piece thermoplastic construction
- Meets ANSI/TIA/EIA standards for Category 5E performance
- Meets IEC 603-7 and FCC CFR47 part 68 standards

Catalog No.	Dimension	Ship Weight
110D-100PRBLK	3.47" H x 8.50 W" x 1.41"D	1 lb

C4 and C5 Connection Clips

Homaco C4 and C5 Connection Clips snap into 100- or 300-pair Homaco 110D wiring blocks. Color-coded pair identification markers simplify installation and maintenance.

Features:

- Use for 110 block applications
- Terminates 22-24 AWG stranded and solid cable
- Industry standard solderless connection
- High-density installations are managed within a small space
- Insulation Displacement Contact
- One-piece thermoplastic construction
- Clips packaged in bags of 50
- Meets ANSI/TIA/EIA standards for Category 5E performance
- Meets IEC 603-7 and FCC CFR47 part 68 standards

Catalog No.	Pair Count*	Color Codes	Ship Weight
110D-C4	4	Blue, Orange, Green, Brown	1 lb
110D-C5	5	Blue, Orange, Green, Brown, Slate	1 lb

*Wiring blocks not included.

Use table below to determine the number of clips needed for your specific installation.

Pairs	4-Pair Clip	Bags Needed	5-Pair Clip	Bags Needed
600	144	3	120	3
900	216	5	180	4
1800	432	9	360	8
3600	864	17	720	15
5400	1296	26	1080	22
7200	1728	35	1440	29
9000	2160	44	1800	36
